# Abstract

This protocol contains the data and R script to reproduce the analysis presented in: Böschen, I. (2023). Evaluation of the extraction of methodological study characteristics with JATSdecoder. Scientific Reports.

# Procedure

Download the data and R script.

Unpack the data und open the script in a recent version of R ([www.r-project.org](http://www.r-project.org)).

Install the required packages JATSdecoder, wordcloud and xtable.

Run the script to reproduce the analysis
