Key inclusion & exclusion criteria

Inclusion criteria: Eighteen documents of physician handover session before intervention and 18 after the intervention randomly selected for monitoring.

Exclusion criteria: Clinical documents of handover session which physicians do not agree with the voluntary participation in the study.

Age minimum: 0
 Age maximum: 0
 Gender: -

Health Condition(s) or Problem(s) studied

After-Hours Care; Patient-Centered Care; Medical care, unspecified.

N04.590.374.034
 N04.590.233.727.407
 Z51.9

N04.590.233.727.407

N04.590.374.034

Z00-Z99

Intervention(s)

E05.318.308.940.968.625.500.500

Intervention: Implementation of the transference of care supported by a day-night handover system. The before-after comparators will be quality and security of information, and traceability.

Control group: analysis of paper-based handover before the intervention, from a random sample of 18 handoffs sessions

Intervention group: analysis of the electronic 18 handover records, three months after the intervention.

L01.224.900

L01.313.500.750.280

Primary Outcome(s)

Security of information recorded on the medical handover; using the following criteria: identification of document editors (authenticity and certification), access profile, and traceability.

The quality of information registered in the medical handover recording; using a tool with following criteria: patient identification, hospital location, clinical history, facts about the hospitalization, diagnosis, alerts (severe conditions, critical problems or values, adverse events, allergies), plan care.

Secondary Outcome(s)

Length of the transfer of care sessions between doctors shifts; evaluated by an external observer using a chronometer.

Secondary ID(s)

Número do CAAE 82095517.3.0000.5149

Número do parecer substanciado do CEP 2.552.503

Source(s) of Monetary Support

Faculdade de Medicina da Universidade Federal de Minas Gerais - Belo Horizonte, MG, Brazil

Secondary Sponsor(s)

Hospital das Clínicas Universidade Federal de Minas Gerais - HC-UFMG - Belo Horizonte, MG, Brazil
