

Survey questionnaire for the study of determinants of basic water services functionality and contribution of contamination for non-functionality: towards SDG-6.1 in Ethiopia

Good morning/ good afternoon. My name is (please tell your full name). I am part of a team who are studying the determinants of basic water services functionality and contribution of contamination for non-functionality in your community. Your local leaders granted us permission to conduct this study. You were selected to answer some of our questions. If you agree to participate in the study, I will ask you questions about your drinking water conditions, the WASHCos management overall and will take samples of the water that you are drinking from the source for the purpose of laboratory examination. The interview will take approximately 15 minutes. The objective of the study is to examine the status of functionality of basic water services in your community by considering water quality as basic functionality factor.

1. WASHCo Location. Woreda _____ Kebele _____ Village _____ Establishment Date _____ No. of <u>Beneficiary</u> people _____ (HH)Female(HH) _____ Male(HH) _____	WASHCos contact person Name _____ Phone no. _____ Occupation _____ Role In WASHCo _____ Sex:- Male ☐ Female ☐	Water scheme type On spot Spring ☐ Spring & RPS(Gravity) ☐ Spring/BH/(Motorized) ☐ HDW ☐ RWH ☐ New ☐ Rehab/ extension ☐	Status of water scheme Functional ☐ Partly functional ☐ Not functional ☐ No. of <u>Active WASHCos</u> , Female _____ Male _____
2. If the water scheme is Not functional or encountered frequent failures?, What are the reasons. Poor Management ☐ No Technician ☐ Unskilled Technician ☐ Lack of tools ☐ Lack of Spares ☐ Lack of money ☐ If any other reason, specify _____ _____			
3. What is the objective of WASHCo establishment? _____ _____			
4. How WASHCos were selected? _____ _____			
5. Do WASHCo know their duties and accountability? Yes ☐ No ☐ If No, Why? _____			
6. Is there an active member during this assessment? Yes ☐ No ☐	Do WASHCo have regular meetings with water users? Yes ☐ No ☐ If yes, in what frequency? _____		
7. Was the WASHCO's gender composition maintained during the establishment? Yes ☐ No ☐	Is it still maintained? Yes ☐ No ☐		
8. What is the role of females in the WASHCo? Chairperson ☐ V/Chair Person ☐ Secretary ☐ Cashier ☐ Caretaker ☐ Store keeper ☐ None ☐ Other _____			

9. Are the female WASHCO members actively discharging their role? Yes ☐ No ☐	If not, what are the factors for women's weak participation?
10. Did theoretical and technical trainings been provided to the WASHCo members in the past? Yes ☐ No ☐ If yes; list the topics covered in training :- _____	
11. Is there any sub committees assigned for each water points and reporting to the main WASHCos? Yes ☐ No ☐ If yes, Explain their relationship/difference with main WASHCos? _____	
12. Is there any experience in maintaining the operation of the facilities by their own? Yes ☐ No ☐ If yes, what type of maintenance work? Plumbing ☐ Masonry/concrete related ☐ Electrical ☐ Others? specify _____	
13. How do the WASHCos access to spare parts? _____	
14. Is there any controlling mechanism in and out spare parts? (In general materials management)? Yes ☐ No ☐ If yes, explain _____	
15. Is there any motivations given to the WASHCos? If yes, which type of motivations provided Materials ☐ Trainings ☐ Review meeting ☐ Monitoring and supervision ☐ Others _____ • From where/whom motivations provided _____	
16. How do you value the <u>Degree of cooperation</u> or teamwork between members of the WASHCo? Low ☐ Fair ☐ Good ☐ Very good ☐ Excellent ☐ • Explain If there any story of success or failure to learn from _____	
17. Do the WASHCos have a regular meeting (with minute) calendar? Yes ☐ No ☐ If yes, rate of meeting interval is _____	
18. Is there a trend for community gathering & discussion with WASHCos? Yes ☐ No ☐ • If yes, explain when and in what circumstance? _____	
19. Is there accountability of WASHCOs and reporting requirement (activities and financial) to the communities? Yes ☐ No ☐ explain _____	
20. How is the Documentation of WASHCOs? Which docs are available? (<i>Please take picture</i>) Financial/management manuals ☐ Administrative/bylaw manuals ☐ Minutes ☐ Beneficiaries list ☐ Saving account ☐ Others _____	
21. What is the role of WASHCos in disinfecting the water supply system? _____	

22. When or at what <u>time intervals</u> the water be treated by chlorine and by <u>whom</u> ? 																				
23. How do the sanitation & hygiene promotion activity addressed in the kebele/ward in relation to latrine coverage (i.e., construction & proper utilization) and safe water handling practices?																				
24. Key achievements/success story in the O & M and further expansions of the WASH system since the establishment:																				
25. Major challenges faced since the WASHCo establishment:																				
26. Next plan to take forward the key achievements and overcome the challenges:																				
27. <u>Financial Data</u> • Sources of financing/budget are • How much Money available in Bank/microfinance account? • Mode of payment of water users for water fee? Per Container ☐ Daily ☐ weekly ☐ Monthly ☐ Free ☐ • Amount of water fee per household or Jerican (any other mode)? • Total amount of water fee collected so far in Bank in committee members hand non collected from households , others • How much of cash used for O & M so far? • How much of cash are deposited in bank?																				
28. Major Conclusions and recommendations (three per WASHCo): • • •																				
<u>Name of study team participated in the assessment:</u>																				
<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 5%;"></th> <th style="width: 25%; text-align: center;"><u>Name</u></th> <th style="width: 25%; text-align: center;"><u>Position</u></th> <th style="width: 25%; text-align: center;"><u>profession</u></th> <th style="width: 20%; text-align: center;"><u>signature</u></th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">1</td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> <tr> <td style="text-align: center;">2</td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> <tr> <td style="text-align: center;">3</td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table>		<u>Name</u>	<u>Position</u>	<u>profession</u>	<u>signature</u>	1					2					3

FGD check lists for the study of determinants of basic water services functionality and contribution of contamination for non-functionality: towards SDG-6.1 in Ethiopia

1. Introduction of discussants and the objective of the study.
2. The status of the water service and the type of the water technology that the WASHCos are managing at this time.
3. What are the reasons for functionality or non-functionality of the water services they are managing?
4. How WASHCos are selected, established, their duties and responsibilities in a team or individually?
5. How do you evaluate the engagement of the WASHCos in their routine work, regular meetings and how is the gender composition?
6. What is and how do you see the role of females in the WASHCos? If they are not active what are the reasons?
7. Have you taken any capacity building trainings?
8. Could you tell us any experience of operation and maintenance carried out for the basic water services?
9. How do the WASHCos access to spare parts? Is there any controlling mechanism in and out spare parts?
10. How you are motivated for being a WASHCo members?
11. How do you value the degree of cooperation or teamwork between members of the WASHCo?
12. How do you address accountability of WASHCOs and reporting requirement (activities and financial) to the communities?
13. Key achievements/success story in the O &M and further expansions of the WASH system since the establishment
14. Major challenges faced since the WASHCo establishment and your next plan to take forward the key achievements and overcome the challenges

Thank you for your participation!
